

VIRSIG

CAPABILITIES

At VIRSIG, we believe that service to others can change the world. We believe that those who serve with strong morals and character can inspire others to do the same and overcome obstacles and challenges many may see as insurmountable. We believe that it is our duty to defend, protect, and serve those that uphold our nation's values.

OUR CORE VALUES:

- People Matter
- Do the Right Thing
- Endless Pursuit of Excellence
- Long Term vs Short Term
- Be Heroic!
- Never Give Up

FEDERAL CLIENTS:

(A Representative Sampling)

VIRSIG is a global solutions provider. Our solutions are tailored to meet your unique needs and keep you focused on your mission. We offer a wide range of services including **technology solutions**, **professional services**, **construction**, and **specialty procurement** to provide comprehensive solutions, so you can focus on what matters most.

Technology Solutions Team

Technology solutions tailored to DoD and Federal missions- including Electronic Security (ESS), networks, asset tracking, audio/visual, and related infrastructure

Professional Services Team

Technical, operational, and administrative services across engineering, IT, communications, training, healthcare, education, and more

Construction Team

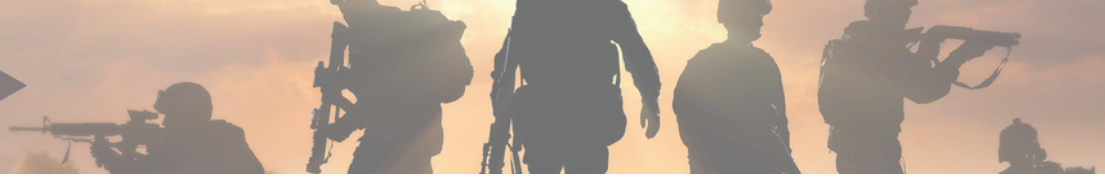

Modular and general construction, leasing, regular and specialized renovations, across secure federal installations, dormitories, and other mission-critical facilities

Specialty Procurement Team

Mission-critical specialized and expeditionary equipment—sourced and kitted from trusted brands. From night vision and weapons accessories to communication gear and unique mission requirements

CONTRACTS & PROCUREMENT
